

Teller County Significant Wildlife Habitat Overlay Map

1:229,641

This map was produced by Teller County using GIS data files gathered at a scale of 1:50,000 by the Colorado Division of Wildlife, a Division of the Colorado Department of Natural Resources. Written documents may accompany this data and should be referenced. Animal distributions are fluid; animal populations and their habitat are dynamic. Discrepancies may become apparent at this or larger scales.
